

Newtek Business Services Corp. Raises 2018 Annual Dividend Forecast to \$1.80 per Share

July 30, 2018

A 4.7% Increase from the Company's Previous Forecast of \$1.72 per Share

LAKE SUCCESS, N.Y., July 30, 2018 (GLOBE NEWSWIRE) -- [Newtek Business Services Corp.](#) ("Newtek" or the "Company") (NASDAQ:NEWT), an internally managed business development company ("BDC"), today announced that it has increased its 2018 annual cash dividend forecast to \$1.80¹ per share, which represents a 4.7% increase from its previous forecast of \$1.72 per share, and a 9.8% increase over the Company's 2017 annual dividend payment of \$1.64 per share.

Barry Sloane, Chairman, President and Chief Executive Officer, commented, "We are extremely pleased to provide an increase in our dividend forecast for a third time thus far in 2018. We believe that the increase in our dividend forecast reflects the continued traction in our business model, management's belief in its ability to effectively execute the Company's business strategy, as well as our ability to utilize additional debt in conjunction with equity raises as a result of our shareholders adoption of the application of the modified asset coverage requirements that allows BDCs to increase the debt-to-equity ratio from 1:1 to 2:1. We plan to discuss these items during our second quarter 2018 conference call, which will be held on Thursday, August 2, 2018 at 8:30am ET."

Note regarding Dividend Payments: The Company's Board of Directors expects to maintain a dividend policy with the objective of making quarterly distributions in an amount that approximates 90 - 100% of the Company's annual taxable income. The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year.

¹Amount and timing of dividends, if any, remain subject to the discretion of the Company's Board of Directors.
