LAKE SUCCESS, N.Y., Aug. 21, 2019 (GLOBE NEWSWIRE) -- [Newtek Business Services Corp.](#), (NASDAQ: NEWT), an internally managed business development company ("BDC"), today announced that its Board of Directors declared a third quarter 2019 cash dividend of \$0.58 per share, which represents a 20.8% increase over the third quarter 2018 cash dividend. The third quarter 2019 dividend is payable on September 30, 2019 to shareholders of record as of September 20, 2019. The Company also raised its 2019 annual cash dividend forecast to \$2.15¹ per share, which would represent a 19.4% increase over the Company's 2018 annual dividend payment of \$1.80 per share.

Barry Sloane, Chairman, President and Chief Executive Officer commented, "Given the volatility in the markets, we are pleased that Newtek has been able to maintain its upward momentum in its business as a result of its unique and diversified business model. As such, the Board and management feel it's appropriate to reward Newtek's shareholders with a third quarter 2019 dividend declaration that represents an almost 21% increase over the third quarter 2018 dividend payment. Additionally, based on expected third quarter 2019 and fourth quarter 2019 results, the management team felt it appropriate to increase its full-year 2019 dividend forecast to \$2.15 per share from the recently upwardly revised forecast of \$1.95 per share, which would represent an approximate 19% increase over the 2018 annual dividend payment of \$1.80 per share. The Company endeavors to pay all of its dividends out of approximately 90% to 100% of its annual taxable income. The diversity of Newtek's business model underscores the Company's ability to perform well in a variety of market environments, which has been demonstrated by our consistent strong results over our history as a BDC. We look forward to celebrating the five-year anniversary of our conversion to a BDC on November 11, 2019, as well as holding our third quarter 2019 earnings conference call in early November 2019"

Note regarding Dividend Payments: The Company's Board of Directors expects to maintain a dividend policy with the objective of making quarterly distributions in an amount that approximates 90 - 100% of the Company's annual taxable income. The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year.

¹Amount and timing of dividends, if any, remain subject to the discretion of the Company's Board of Directors.
