

## Newtek Business Services Corp.'s CEO, Barry Sloane, Comments on the Declaration of Newtek's First Quarter 2022 Dividend of \$0.65 per Share

December 20, 2021

BOCA RATON, Fla., Dec. 20, 2021 (GLOBE NEWSWIRE) -- [Newtek Business Services Corp.](#), (NASDAQ: NEWT), an internally managed business development company ("BDC"), provides Newtek CEO's, Barry Sloane, comments on the declaration of Newtek's first quarter 2022 cash dividend of \$0.65 per share.<sup>1</sup>

Barry Sloane, President, Chairman and CEO commented, "We are pleased that Newtek's Board of Directors declared a first quarter 2022 dividend of \$0.65 per share,<sup>1</sup> which is in line with management's previous forecast, and represents a 30.0% increase over the first quarter 2021 dividend and a 47.7% increase over the first quarter 2020 dividend, both of which were affected by the pandemic and the Paycheck Protection Program ("PPP") loans we financed. We look forward to forecasting our second quarter 2022 dividend in the coming weeks."<sup>2</sup>

Mr. Sloane continued, "Newtek will not have the benefit of PPP income in the calendar year 2022, however we are currently experiencing strong operational performance and demand for our lending solutions, and anticipate achieving record loan origination volumes in 2022 (excluding the 2021 funding of approximately \$729 million in PPP loans). Newtek Business Lending ("NBL"), the Company's wholly owned portfolio company, forecasts it will close a record amount of loans between \$125 million and \$150 million in 2021. In addition, we anticipate that in the fourth quarter of 2021, Newtek Small Business Finance, LLC ("NSBF") will surpass its prior quarterly origination record of \$183 million in SBA 7(a) loans funded, and currently estimates funding in excess of \$200 million SBA 7(a) loans during the fourth quarter. For the full year 2021, NSBF forecasts funding between \$560 million and \$600 million SBA 7(a) loans. For the full year of 2021, Newtek and its portfolio companies are currently forecasting total fundings and/or closings, which includes SBA 7(a) loans, SBA 504 loans and PPP loans, in excess of \$1.4 billion. We are hopeful that our staff and clients remain healthy as we move towards the end of the year, and that we will not have to roll fourth quarter loan fundings and/or closings into the first quarter of 2022. We currently anticipate entering the first quarter of 2022 with a record pipeline of loans for sale and in various stages of pre closing."

<sup>1</sup>Note regarding Dividend Payments: The Company's Board of Directors expects to maintain a dividend policy with the objective of making quarterly distributions in an amount that approximates 90 - 100% of the Company's annual taxable income. The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year.

<sup>2</sup>Amount and timing of dividends, if any, remain subject to the discretion of the Company's Board of Directors.
