## **Newtek Business Services Corp. Forecasts Paying an Annual Cash Dividend of \$21.8 Million in 2016**

### **Represents a 4.3% Increase over the 2015 Annual Dividend**

NEW YORK, January 4, 2016 - Newtek Business Services Corp. ("Newtek" or the "Company") (NASDAQ: NEWT), an internally managed business development company ("BDC"), today announced that it presently forecasts paying an annual cash dividend of approximately \$21.8 million, or \$1.50<sup>(1)</sup> per share (based on 14.5 million shares outstanding at December 31, 2015) in 2016. The forecasted 2016 annual dividend represents a 4.3% increase over the 2015 annual dividend of \$20.9 million.

The Company's board of directors expects to maintain a dividend policy with the objective of distributing quarterly distributions in an amount that approximates at least 90% to 98% of the Company's annual taxable income.

Barry Sloane, Chairman, President and Chief Executive Officer said, "We are pleased to announce our current forecast of a 4.3% increase in our annual dividend in 2016 compared to our annual dividend in 2015. Our annual 2016 dividend forecast of \$1.50 per share is intended to provide the market a base forecast to follow our progress throughout 2016."

Mr. Sloane continued, "In 2015 we paid shareholders dividends of \$4.05 per share, including the special dividend paid on December 31, 2015, which helped generate a total return for the year of approximately of 25%. In addition, shareholders will receive our fourth quarter dividend of \$0.40 per share payable January 19, 2016 to shareholders of record on January 7, 2016. As a reminder, with the payment of the special dividend on December 31, 2015, stockholders of record on November 18, 2015 received 1.8 million newly issued shares of common stock, which, if held as of the January 7, 2016 record date, will also receive the fourth quarter dividend. We look forward to providing additional details on our dividend forecast, as well as the overall progress and performance of Newtek during our 2015 full year earnings conference call."

The determination of the tax attributes of the Company's distributions is made annually as of the end of the Company's fiscal year based upon its taxable income for the full year and distributions paid for the full year. The full year 2015 and 2016 dividends are presently forecasted to be paid from the Company's annual taxable income.

(1) The dividend will be paid in cash or shares of the Company's Common Stock through participation in the Company's dividend reinvestment program (the "DRIP"), at the election of shareholders.
