# Newtek Business Services Reports Net Income of \$1.4 Million for the Year Ended December 31, 2010, an Increase of \$1.9 Million Over 2009

NEW YORK, March 16, 2011 (GLOBE NEWSWIRE) -- Newtek Business Services, Inc. (Nasdaq:NEWT) (<u>www.newtekbusinessservices.com</u>), *The Small Business Authority,* a provider of business services and financial products to the small- and medium-sized business market, reported today its financial results for the year ended December 31, 2010.

# Full Year 2010 Overview

- The Company had consolidated pretax income of \$877 thousand; an increase of \$4.9 million from the prior year's consolidated pretax net loss of \$(4.0) million.
- Newtek Small Business Finance originated \$65 million of SBA loans and had pretax income of \$2 million as compared to a pretax loss of \$(2.2) million for 2009.
- Electronic payment processing segment revenue increased 16% and Web hosting segment revenue increased 2% over 2009.
- Electronic payment processing and Web hosting segments' pretax income increased 31% and 21%, respectively over 2009.
- EBITDA for the three core business segments increased by 45% year over year.
- The Company is revising its 2011 guidance and expects midpoint consolidated revenues of \$122.5 million and midpoint consolidated pretax income of \$2.8 million.
- Announcing the launch of The Small Business Authority Index and The Small Business Authority Market Sentiment Survey.

Barry Sloane, Chairman, President and Chief Executive Officer of Newtek Business Services, Inc. said, "2010 was a year of great accomplishments for the shareholders of Newtek Business Services. Our quest for profitability was reached with a \$1.4 million achievement of net income for the year. As the Small Business Authority brand grows we are becoming better understood by the largely underserved small business market as the destination for service, product and knowledge. Our mission statement is clear and is being delivered in services to clients and in financial results to shareholders. In addition to delivering solid financial metrics in 2010 we were able to:

- Close a new line of credit with Sterling National Bancorp for financing of client account receivables.
- Acquire and reposition our financing lines of credit with Capital One Bank for SBA 7(a) lending. We have closed a \$12 million wet funding line of credit and are in the process of attempting to consummate an additional \$15 million of financing to that facility for uninsured loan participations.
- We launched our new website <u>www.thesba.com</u>.
- We acquired the studio naming rights for The Small Business Authority on several WABC radio show programs as well as The Imus in the Morning Show as heard on 77 WABC radio and on Fox Business News.

"We have experienced a substantial turnaround in our lending business financially and that has helped us achieve profitability compared to prior years. We did an excellent job in a challenging year growing our Electronic payment processing business and maintaining our market share in what we have historically called our Web hosting segment. Our focus on technology and eCommerce will keep us more than competitive in the EPP space. Our search for growth in Newtek Technology Solutions will have us launch our Cloud Computing products and services in late March and early April. These services will further solidify our role in the market as the player to come to for managed services regarding technology solutions. We look forward to future rewards for our clients, shareholders and employees in 2011."

## Full Year 2010 Financial Results

For the year ended December 31, 2010, the Company had consolidated pretax income of \$877 thousand, compared to a consolidated pretax loss of \$(4.0) million in 2009, an improvement of \$4.9 million. The Company reported consolidated net income of \$1.4 million or \$0.04 per share for the year, compared to a consolidated net loss of \$(429) thousand, or \$(0.01) per share for 2009. Net income for 2010 was favorably impacted by a benefit for income taxes resulting from the release of a valuation allowance on NOLs at Newtek Small Business Finance.

For the year ended December 31, 2010, total consolidated revenue increased \$7.0 million, or 6.6%, to \$112.7 million compared to \$105.7 million one year ago. Total revenue from the three core business services segments (Electronic

payment processing, Web hosting and Small business finance) increased to \$109.5 million, or 14%, in 2010 compared with \$95.9 million for 2009. These three segments represented approximately 97% and 91% of total revenue for 2010 and 2009, respectively.

# **Revised Outlook for 2011**

The Company expects 2011 consolidated revenues to be between \$119.6 million and \$125.3 million. In 2011, it expects pretax income of between \$1.2 million and \$4.3 million. Annual guidance by segment for revenue, pretax income (loss) and EBITDA will be provided in the conference call presentation today, Wednesday, March 16, 2011 at 4:15 p.m. ET and will be available in the 'Events & Presentation' section of the Investor Relations portion of Newtek's website at <u>www.newtekbusinessservices.com</u>.

## **Use of Non-GAAP Financial Measures**

In evaluating its business, Newtek considers and uses EBITDA as a supplemental measure of its operating performance. The Company defines EBITDA as earnings before interest expense, taxes, depreciation and amortization. The Company also presents EBITDA because it believes it is frequently used by securities analysts, investors and other interested parties as a measure of financial performance.

The term EBITDA is not defined under U.S. generally accepted accounting principles, or U.S. GAAP, and is not a measure of operating income (loss), operating performance or liquidity presented in accordance with U.S. GAAP. EBITDA has limitations as an analytical tool and, when assessing the Company's operating performance, investors should not consider EBITDA in isolation, or as a substitute for net income (loss) or other consolidated income statement data prepared in accordance with U.S. GAAP. Among other things, EBITDA does not reflect the Company's actual cash expenditures. Other companies may calculate similar measures differently than Newtek, limiting their usefulness as comparative tools. Newtek compensates for these limitations by relying primarily on its GAAP results supplemented by EBITDA.

## Full Year 2010 Conference Call and Webcast

A conference call to discuss these results will be hosted by Barry Sloane, Chairman, President and Chief Executive Officer, and Seth Cohen, Chief Financial Officer, today, Wednesday, March 16, 2011 at 4:15 p.m. ET.
